

## **Technical Product Analyst Intern- JD**

Internship Duration : 6 Months

### **Who can apply?**

Are you interested to be part of a team building technology that impacts millions of people everyday? Are you concerned that you are not a computer-geek to do the above? Don't worry. Here is an opportunity to learn, create and grow in this journey. Are you ready for the challenge?

### **About the Role**

The Technical Product Analyst will be involved in key work areas such as:

1. API Integration and Testing: Integrating new APIs by understanding technical specification docs & communicating with the stakeholders, Automated Testing, regression testing, white box testing the database entries
2. Front End Development: Creating a working UI for Mobile apps
3. Manual Testing: UI/UX and Functional usability testing
4. Integration Support: Tech support by communicating with different stakeholders
5. Payment Operations Support: Post production monitoring, customer research, debugging with PGs/Banks
6. Data Analysis: Monitoring Payment conversion funnels, performing Root Cause Analysis and proposing solutions to improve transaction success rates
7. Get hands-on in coding and proposing product improvement suggestions You would be an extension of Product Operations Team where you will be doing Product Customization, Service Integration, Analytics, Quality Assurance and Customer Management all at the same time. Many of these tasks will involve coding using Purescript/Haskell.

### **Preferred Qualities**

1. Discipline
2. Persistent problem solver, get it done attitude
3. Ownership of Product delivery
4. Attention to detail
5. Willingness and curiosity to learn

6. Technology Understanding
7. Interested in hands on coding/design
8. Ambition to maximize your value creation, by finding opportunities, working hard. We have a high bar. We are willing to provide a lot of guidance and support for a seeker who wants to work hard and excel.

**Perks:**

Certificate, Job offer (On successful conversion to a permanent employee, the candidate can expect a salary of Rs. 10 Lakhs/annum), Flexible work hours, Informal dress code, 5 days a week, Free food, snacks & beverages.
