

S.No.	Name of Ph.D. Scholar	Enrollment No.	Date of DRC	Title of Thesis	Name of Supervisor	Name of Co-supervisor (Optional)	Photograph
1	Mrs. Meenakshi Jain	18LSC6LSC1101	06.05.2019	Effect of abiotic stress on ecological potential of termite gut micro - organisms	Dr. Shekhar Jain		
2	Mr. Vaibhav B Kikani	18LSC6LSC1102	06.05.2019	Standardization and quality assessment of various commercial herbal drugs available in Ahmadabad province.	Dr. Shekhar Jain	Dr. Priyanka Soni	
3	Mrs. Ishu Priya	20LSC6LSC1001	29.12.2020	Multicopy <i>nrdB</i> gene mediated molecular detection of “ <i>Ca. L. asiaticus</i> ” and its management by controlling <i>Diphorina citri</i> through <i>Tinospora cordifolia</i>	Dr. Ashish Warghane	Dr. Rashmi Saini	
4	Mr. Sachin S Misal	20LSC6LSC1002	29.12.2020	Development of doubled haploids against leaf curl disease of <i>Capsicum annum</i>	Dr. Ashish Warghane	Dr. Girish Patil	

5	Miss. Teena Yadav	20LSC6LSC1003	29.12.2020	Characterization and exploration of potential bacteria for L- Tyrosine to L- DOPA Biotransformation.	Dr. Shekhar Jain		
6	Mr. Abhishek Dixit	20LSC6LSC1101	05.07.2021	Validated LC-MS/MS methods with dried blood spot technique for drug acting as kinase inhibitors and its application to pharmacokinetic study	Prof. (Dr.) Arunava Das		
7	Mrs. Shruti Butwal	20LSC6LSC1102	05.07.2021	Molecular characterization of ' <i>Candidatus liberibacter asiaticus</i> ' from Malwa region of M.P. and <i>in-silico</i> drug designing against its vital proteins	Dr. Ashish Warghane	Dr. Sharanbasappa Shrimant Karade	
8.	Bridreth Khokhare		30.12.2021	Evaluation and differential characterization of biopeptides with protective functions in skin inflammation	Prof. (Dr.) Arunava Das		

9	Miss. Garvita Parikh		31.12.2021	Halloysite based nanocomposite for sustain release of natural coagulants and removal of contaminants from Shivna river water	Dr. Mohammad Irfan Ali		
10	Mr. Kuldeep Patidar		31.12.2021	Molecular detection, characterization and management of SYMV using vector control	Dr. Ashish Warghane		
11	Mr. Lavkush Patel		30.12.2021	Development of mineral solubilizing rhizospheric bacterial Consortium from Nimar region for the growth promotion of <i>Capsicum annum L</i>	Dr. Shekhar Jain		
12	Miss. Pooja Ratnawat		31.12.2021	Microbial mediated defense reinforcement in <i>Capsicum annum L.</i> against damping - off and root rot causing fungal pathogens	Dr. Shekhar Jain		
13	Shri Vishalini R		30.12.2021	Innovative dance movements for musculoskeletal disorders	Prof. (Dr.) Arunava Das		

14	Mrs. Sunita Baishya		31.12.2021	Molecular characterization and evaluation of antibacterial properties of bacteriocin with importance as bio preservative	Prof. (Dr.) Arunava Das		
15	Mr. Vinod A B		30.12.2021	Standardization of high sensitive LC-MS/MS method development with pharmacokinetic studies of epidermal growth factor receptor targeted anticancer drugs.	Prof. (Dr.) Arunava Das		
16	Mr. Yogendra Kumar Verma		30.12.2021	Identification, molecular characterization and possible functions of Bifidobacterium	Prof. (Dr.) Arunava Das
